- What you eat and drink, from childhood on, is critical to the amount of calcium in your bones.
- The scientist carefully measured the calcium levels in the patient's blood.
- calcium carbonate
- calcium carbide
- calcium chloride
- calcium phosphate
- calcium hydroxide

2342 alkali⁵

【化】碱

- The extremely salty, alkali lake holds little life, but its waters are a favorite spot for wading birds.
- To get similar characteristics from composites, the carbon fibres are first chemically treated with an alkali which creates lots of tiny pits on their surface.
- After seeing how this air makes the ugly sagebrush and the patches of alkali and brown earth a feast to the eye, one can understand how the light of heaven may make the ugliest faces beautiful.
- The chemist mixed a solution of alkaline substances to neutralize the acid.
- alkali resistance
- alkali metal
- alkali solution
- alkali liquor
- · caustic alkali

2343 aluminium⁵

【化】铝

- recycled aluminium cans
- The lightweight aluminium foil was perfect for wrapping the delicate soufflé.
- · aluminium alloy
- aluminium foil
- aluminium oxide
- aluminium industry
- aluminium chloride
- aluminium hydroxide

2344 coacervate

【化】凝聚层

- The result showed that solubilization of phenol in coacervate phase was related to the structure of surfactant micelle.
- By time series analysis, we build models depicting the cutting tool states, coacervate information from dynamic date and construct feature vectors for discrimination.
- Chromatin hetropycnote partly in spermatogonium, then become highly coacervate to form chromosome at the stage of spermatid and at last decondense at the stage of spermatozoon.
- The scientist coacervated the cells in the laboratory to study their properties.

【化】砷, 砒霜

2345 arsenic⁹

- His wife poisoned him with arsenic. 他妻子用砒霜把他 毒死了。
- The detective discovered a vial of arsenic in the suspect's pocket.
- arsenic trioxide 三氧化二砷;【化】砒霜

- The relationship between the clownfish and the sea anemone was an example of symbiosis, as they both benefited from each other's presence in the marine ecosystem.

2394 genome⁷

【生】基因组,染色体组

- the human genome
- The scientist studied the genome of the rare species to better understand its unique characteristics.
- human genome 人类基因组
- genome analysis 染色体组分析,基因组分析
- viral genome 病毒基因组

2395 pigment⁷

【生】色素, 颜料

- Melanin is the dark brown pigment of the hair, skin and
- The artist Sandy Lee uses natural pigments in her work.
- The artist mixed various pigments to create a vibrant color palette for her latest painting.
- red pigment 红色颜料,红颜料
- pigment printing 染印
- organic pigment 有机颜料
- retinal pigment 视网膜色素

- titanium pigment 钛白粉; 钛颜料
- pearlescent pigment 珍珠光泽颜料; 珠母涂料

2396 cytology⁷

【生】细胞学

- Thus, the construction of the brain and the cytology, biophysics, and biochemistry of its component neurons reflect its fundamental function—to mediate behavior.
- In 1898 he identified what he termed the "internal reticular apparatus"; the identification of this structure, which would later be named the Golgi complex, was a major breakthrough in cytology.
- The cytologist examined the slide closely to identify any abnormal cells.

$2397 \quad toxin^8$

【生化】【生】毒素

- Tests showed increased levels of toxin in shellfish.
- The scientist discovered a new type of toxin in the water supply that could cause serious health problems if ingested.

2398 enzyme^7

【生化】酶

- It is believed that it inhibits an enzyme that promotes cell proliferation in tumours.
- This enzyme accumulates in the larvae to a level where it becomes toxic and kills them.
- Apparently, though, CYP2E1 affects how sensitive the brain is to alcohol, perhaps because it —unlike the enzyme in the liver —generates free radicals, tiny molecules that can damage cells.
- The chef carefully measured out the correct amount of enzyme to ensure the perfect texture for her recipe.
- enzyme activity 酶活力
- immobilized enzyme 固定化酶
- enzyme engineering 【生】酶工程;【生】酶工程学
- enzyme preparation 【生】酶制剂
- enzyme immunoassay 【化】酶免疫分析法
- enzyme technology 酶工程学

2399 zygote^8

【生物】受精卵,接合子,接合体

 The scientist carefully examined the zygote under the microscope, marveling at its potential to grow into a fully formed organism.

2400 chromosome⁶

【生物】染色体

- Do we have a chromosome like that?
- She is part of the chromosome of Kolkata.
- The only way to prove these ideas was to construct an artificial chromosome with those genes in them, and we had to do this in a cassette-based fashion.
- The geneticist studied the chromosomes of the patient to determine the cause of the rare genetic disorder.
- y chromosome
- chromosome aberration
- x chromosome
- sex chromosome
- chromosome doubling
- homologous chromosome

2401 histology⁷

【生物】组织学

- He was also partly responsible for the identification of the polio virus, and made numerous contributions to immunology, histology and anatomy.
- The staining method Golgi discovered was of vital significance; using that method, he laid the foundations of the discipline we now call histology.
- With humans, we're somewhat limited. We do this use this technique called high-resolution MRI, which, by the way, isn't very high resolution compared to histology that we can do with animals.
- The doctor examined the histology slides under the microscope to determine the cause of the patient's symptoms.

2402 steed⁶

【诗】马, 战马

- What's a knight without a noble steed?
- She rode her trusty steed into the sunset, feeling free and adventurous.

2403 behest⁷

【诗】命令, 吩咐, 要求

- at the behest of 在…命令下

2404 villein⁶

【史】农奴, 佃农

• The villainous thief crept through the village undetected.

2405 perimeter 6

【树数】周长, 周界

- ...the perimeter of the airport.
- The gardener measured the perimeter of the garden to determine the best layout for the new plants.
- wetted perimeter
- perimeter blasting

2406 parabola⁷

【数】抛物线

- So, we should draw maybe this downward parabola.
- From this one, you would not expect it to behave like a parabola.
- It is perfectly reasonable to immediately come to that conclusion because of the symmetry of the parabola.
- The astronaut's spacecraft followed a parabola as it traversed the vast expanse of outer space.

2407 trapezium⁷

【数】不等边四边形,梯形

- This time the modules are rectangular but they also can be in a shape of a trapezium and letter L.
- The trapezium-shaped puzzle piece fit perfectly into the box.

2408 theorem⁷

【数】定理, 法则

• So, what does the divergence theorem say?

- And then we have a fundamental theorem that gives us a way to compute this without computing it.
- The mathematician proved a new theorem that changed the field forever.
- fixed point theorem 不动点定理
- existence theorem 【计】存在性定理
- mean value theorem 中值定理,平均值定律
- comparison theorem 比较定理
- sampling theorem 抽样定理
- central limit theorem 中心极限定理

$2409 \quad axiom^6$

【数】公理

- ...the long-held axiom that education leads to higher income.
- The mathematician posited the axiom that every number is divisible by 1.

2410 intersection 6

【数】交集,十字路口,交叉点

- We crossed at a busy intersection.
- The cars at the intersection of Main and Elm streets came to a stop as the light turned red.
- intersection point
- road intersection
- point of intersection
- intersection line
- intersection curve
- intersection angle

2411 ellipse⁴

【数】椭圆, 椭圆形

- The Earth orbits in an ellipse.
- The artist's ellipse painting depicted a peaceful landscape with rolling hills and a bright blue sky.

$2412 \quad nadir^5$

【天】天底, 最底点, 最低点

- By 1932, the depression had reached its nadir.
- The plane reached its nadir altitude during the flight.

2413 penumbra

【天】(日蚀、月蚀或太阳黑子的) 半影

• The astronomer noted the faint penumbra around the moon during the lunar eclipse.

2414 perigee 6

【天】近地点

- If this is an ellipse around the Earth, then this would be perigee and this would be apogee.
- We know the period, we know where apogee is, we know where perigee is, - we know the orbital period- anything we want to know.
- The lowest point (perigee) of the ISS was 347 kilometers and the highest point (apogee) of the SH-7 orbit was 336
- The moon was at its perigee, causing a higher than usual tide.

2415 constellation⁶

【天】星群, 星座, 灿烂的一群

- a star in the constellation of Orion
- The astronomer gazed up at the night sky, marveling at the twinkling constellations.

2416 requiem⁸

【天主教】安灵祢撒,安灵曲,挽歌,悲歌

- ...a performance of Verdi's Requiem.

2418 virus^8

【微】病毒, 滤过性微生物, 毒害, 恶毒

- children infected with the Aids virus
- a virus infection

- ullet The computer technician detected a virus on the com- ${f 2422}$ ${f nectar}^4$ pany's network and had to remove it before it spread to all the computers.
- influenza virus 流感病毒
- b virus [病] B 病毒
- hepatitis b virus 乙型肝炎病毒;【病毒学】B 型肝炎病
- flu virus 【医学】流感病毒; 禽流感病毒
- computer virus 计算机病毒
- virus infection 病毒感染
- aids virus 艾滋病病毒
- human immunodeficiency virus 人体免疫缺损病毒(即 艾滋病毒 HIV)

2419 feedback⁵

【无】回授, 反馈, 反应

- How can I provide feedback without making someone
- The teacher gave feedback on the students' presentations to help them improve for future assignments.
- feedback control
- negative feedback
- information feedback
- positive feedback
- feedback system
- feedback information

2420 trajectory⁷

【物】(射线的)轨道,弹道,轨线

- The decision was certain to affect the trajectory of French politics for some time to come.
- The astronaut studied the trajectory of the spacecraft to determine its path towards the moon.
- ballistic trajectory 射击弹导; 弹道轨迹

2421 polarization⁷

【物】偏振 (现象), 极化 (作用), 两极化, 分化

- The debate over political polarization was causing tension in the country.
- induced polarization 感应极化
- polarization curve 极化曲线
- linear polarization 线偏振; 线性极化
- concentration polarization 浓差极化
- polarization state 偏振状态
- anodic polarization 【化】阳极极化

【希神】神酒,任何美味的饮料,花蜜,甘露

• The bees buzzed around the colorful flowers, collecting nectar to bring back to their hive.

$2423 \quad \text{nymph}^6$
